

I have made a CHOICE to be on the DO NOT CALL LIST. I wasn't automatically placed on that list; I had to take action and I would have PAID to be on that list. I have to PAY to have a phone... NO ONE has the RIGHT or should have the right to call my PAID FOR PHONE. Telemarketers have NEVER and WILL NEVER get business from me over the phone.. That's why I choose to be on the list. And I would like my CHOICE to stand for something.
